What is Constructing Excellence?

Constructing Excellence is an independent membership organisation committed to improving the business performance of our members by focusing on innovation and best practice in collaborative working and supply chain integration.

Why join?

- Build common ground across the construction industry and housing sectors
- Attend high quality events which attract an audience of senior people
- Expand your personal networking and visibility in the sector
- Learn about collaborative working, innovation and best practice
- Get the answers from workshops, clubs, benchmarking or one-to-one advice from experts
- Access practical, documented evidence and information that everyone can use
- Talk to government and influence policy decision
- Exploit our unique bridge between industry, clients, government and the research community

Vision

Improving industry performance in the built environment sector

What do I get?

- Engage in any of over 20 member task groups set up by members as 'communities of interest'
- Member-only forums, events and workshops focused on identified members' needs
- Member-only website containing hundreds of downloadable documents, guidance, case studies and tools to improve members' business
- Participation in action research projects
- Regular member-only newsletters
- Full access to KPIzone for benchmarking and KPIs support
- Participation in 3-5 (depending on membership level) of our 44 Constructing Excellence best practice clubs located throughout the UK
- 20% discount on KPI Masterclasses and other paid-for events
