

Project Assessment Toolkit

Rodger Evans, Constructing Excellence

**CONSTRUCTING
EXCELLENCE**
in the built environment

Project Assessment toolkit

- There is no overall toolkit for assessing project excellence
- Existing products go part way, including:
 - KPIs
 - DQIs
 - Respect for people (RfP)
 - OGC Gateway
 - Clients' Charter
 - Clientzone

Project Assessment toolkit

- Objective of the toolkit
 - To provide projects feedback on areas for improvement and signpost guidance that will help them achieve this
 - To give the user a high level of assurance that their project is destined for 'excellence'

Project Assessment toolkit

- Project Excellence – key attributes
 - Respect for people
 - Quality and Value
 - Sustainability
 - Project leadership
 - Culture

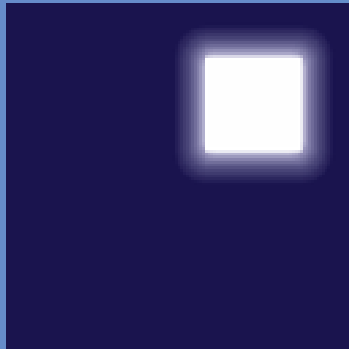

Industry Input

- Trialling the Tool
- Please submit your details using the Expression of Interest form contained in your delegate pack.
