

CONSTRUCTING EXCELLENCE

in the built environment

Reviewing our strategic priorities for 2006-7

1. What do you think should be the key industry-wide priorities or messages for CE in the coming 1-2 years?
2. In what specific ways could the activities currently planned within Member Forums help in addressing these key priorities or messages? Are there any ways in which Member Forum needs or activities might hinder or delay achieving industry-wide impact?
3. What do you see as the key skills or competences CE needs to have as an organisation, to work successfully on these priorities?
